Harvesting of Cotton 2 Wks. Late

MEMPHIS (AP)—Arkansas, Mississippi and Tennessee agricultural extension officials reported Saturday that the cotton harvest is about two weeks late as rains slowed down the crop gathering. Other crops—corn, soybeans, rice and pastures—were reported coming along well, the officials said. They said Arkansas crops are late and harvest is getting off to a very slow start although cotton prospects were estimated to be particularly good in the southeast section of the state, due to good weather in other producing areas.

Prayer Week Proclaimed by Pope

By BENNET M. BOLTON
VATICAN CITY (AP)—Pope Paul VI today proclaimed October a month of worldwide prayer to end the Viet Nam war and set Oct. 4 as a day of special observance for Roman Catholics.

Warning that "we are threatened by a more extensive and more disastrous calamity that endangers the human family," the Pope called for a redoubling of prayers next month.

He urged Catholics everywhere to join in a special "day of prayer" Oct. 4—the first anniversary of his peace pilgrimage to the United Nations in New York—and announced that he would preside at a ceremony that day in St. Peter's Basilica.

In the fourth encyclical of his reign, the Pope told the world's half billion Roman Catholics that he lifted his voice "with piercing cry and with tears" to political leaders to "prevent the further spread of the conflagration and even to extinguish it entirely."

He called for a meeting to work out plans for a peace and said "a settlement should be reached now, even at the expense of some inconvenience or loss, for (otherwise) it may have to be made later in the train of bitter slaughter and involve great loss."

The Pope added that a peace settlement "must rest on justice and the liberty of mankind, and

Faubus View Unchanged on Integration

By SY RAMSEY
KENTUCKY DAM VILLAGE, Ky. (AP)—The focus of racial tension at the Southern Governors' Conference no longer is Arkansas Gov. Orval Faubus, who once triggered a national crisis on integration. And that's the way the governor says he likes it. After six terms Faubus, 56, is attending his 12th—and he indicates last-Southern Governors' Conference.

"This is a kind of sentimental journey," he said in an interview. "There's no pressure. I can relax. I don't have to watch every word I say."

But Faubus still is willing to dispense racial advice to anyone who asks for it—and his attitude remains basically unchanged since the stormy days of 1957 when he ordered the Arkansas National Guard and blocked integration temporarily at Little Rock's Central High School.

At a news conference Sunday, he sounded his views. Racial integration breeds nothing but trouble and the federal government should let states handle their own affairs.

Later, at his plush cabin in the woods near Kentucky Lake, Faubus reminisced.

"I have no regrets about what I did nine years ago," he said. "I kept the confidence of the people and avoided bloodshed. After all," he said, "we haven't had any riots, looting, property damage—not a window broken yet. And look at Watts and those other places."

He said a governor faced with civil rights troubles must first keep the confidence of responsible people in both factions. "Yet, if the radicals decide to concentrate on your state or city, you're going to have riots and there's nothing you can do," Faubus said.

"Arkansas has been fortunate so far in that we haven't be-

And he complained, without mentioning it by name, that Red China is not a member.

What follows illustrates the rather strange language the administration has been using about Red China.

Last March Vice President Hubert H. Humphrey defined American policy toward Red China as "containment without isolation." He said the problem was to contain Red China's militancy but not isolate it from the family of mankind.

At the same time he indicated there had been no change in U.S. opposition to U.N. membership for the Red Chinese.

In July, President Johnson said the peace this country seeks in Asia is a peace of "conciliation between Communist states and their non-Communist neighbors." But if anyone thought this meant a softening in the American attitude towards Red China, later statements showed he was wrong.

In August, Arthur J. Goldberg, U.S. ambassador to the United Nations, said the U.S. position towards Red China "as of now" was unchanged although this country was carefully reviewing its position.

If that seemed to indicate a possible change, that was wrong, too. In September Goldberg said the Red China question has been "under review" for years but the United States had not changed its position.

Last week some unnamed U.S. officials said the whole matter had been under review but was unchanged. They spoke of a recent decision not to change. The next day the White House said it knew of no new or recent decision.

And Secretary of State Dean Rusk said he didn't know of any "new decision in point of time," that the problem was under review, and the United States hadn't changed its position on keeping Red China out of the United Nations.

New York meeting foreign ministers attending the 21st annual session of the U.N. General Assembly, which opens Tuesday. He will see Gromyko Thursday. Gromyko will make a Soviet policy speech in the Assembly's general debate Friday. In a statement issued on his arrival he said:

"The peoples are expecting the United Nations to adopt decisions which would erect a reliable barrier before the forces of aggression and safeguard the freedom and sovereign rights of the peoples."

U.S. Ambassador Arthur J. Goldberg indicated that Rusk would ask Gromyko to help get North Viet Nam into peace negotiations.

Interviewed on the CBS television program "Face the Nation," Goldberg said: to invite the Soviet Union's good offices and its sense of responsibility in getting the Vietnamese war to a negotiated and honorable settlement."

The Russians have spurned previous bids for such help. Goldberg said that although Viet Nam was not on the Assembly's agenda, he would discuss it in his speech Thursday in the general debate. "I would like to achieve a proper U.N. role in bringing about a solution of the Vietnamese conflict," he added.

er-bomber accidentally dropped a 500-pound bomb Sunday on Marines dug in during Operation Prairie. The incident occurred in the northernmost province of South Viet Nam a few miles south of the demilitarized zone.

The U.S. Command said three Marines were killed and four wounded. A spokesman said the air strike was called in by the Marines and was under direction of a forward air controller. He said the Phantom jet made one bombing run 600 feet in front of Marine positions, then the ground unit called for strikes 300 feet closer to them.

The forward controller marked the target with a smoke grenade. The bomb was dropped in the designated target area, inflicting the Marine casualties, the spokesman reported.

The mistaken bombings overshadowed war developments in which U.S. planes kept up crippling pressure on targets in North Viet Nam and sparred with Communist MIG jets for the third straight day. In the only major action reported in the South, Marines fought North Vietnamese regulars just below the demilitarized zone.

The last major bombing error in Viet Nam took place Aug. 26 when U.S. planes dropped napalm on a unit of the U.S. 1st Infantry Division. They killed three infantrymen and wounded 19.

There were a series of other accidental bombings on allied troops and Vietnamese civilians during July and August. Gen. William C. Westmoreland, commander of U.S. forces in Viet Nam, appointed a military review board and ordered a full-scale investigation of firing procedures and control.

Vietnamese army headquarters reported two incidents Sunday in which the Viet Cong killed 14 Vietnamese civilian captives before fleeing from attacking government forces.

Both incidents occurred near Vinh Long, in the Mekong Delta 30 miles southwest of Saigon. In one incident, four civilians were found chained together. Two had been shot to death and the others gravely wounded.

No Clue - Cont. from PI

Percy and his second wife, Loraine, the victim's stepmother, were sleeping in a bedroom about 35 feet from Valerie's.

Mrs. Percy told police she was awakened by a moan. She got out of bed and walked into the hall, unaware that Valerie was dying of a crushed skull and more than a dozen stab wounds in her head, throat, chest and stomach. She was unaware, too, that the killer was still in the girl's bedroom.

As Mrs. Percy entered Valerie's bedroom she was blinded by a flashlight beam. She ran from the room screaming and pushed a burglar alarm button, awakening her husband.

Percy telephoned police, then went to Valerie's room. The killer had fled, apparently by the same route he had entered the house. Mrs. Percy telephoned a neighbor, Dr. Robert P. Hoff. Valerie was dead when he arrived.

Mrs. Percy was unable to describe the killer or even say whether it was a man or woman. No one has reported seeing anyone come or go, although two neighbors said they heard two car tires squeal about the time the murderer fled. A pair of scissors and a shoe was found in the neighborhood, but they were not immediately linked to the case.

The rest of the story is full of questions. Dr. Andrew Toman, coroner of Cook County, said marks on Valerie's body indicated she struggled with the killer. But no sound was heard other than the moan.

Toman also said the "attacker obviously came into the house to murder someone." But Police Chief Daley was unwilling to commit himself to this theory or to one that the crime had started out as a burglary.

Valerie, a June graduate of Cornell University, had been working in her father's campaign. Police said they would question persons she had contacted during the political work.

Percy's campaign manager, Scott Cohen, said Percy is still in the race for senator but that campaigning will be suspended.

Sen. Douglas, telegraphing his condolences, said he too was calling off his campaign.

Douglas's message was one of a thousand or more telegrams and telephone calls offering sympathy. Percy's political career includes an unsuccessful try for the governorship of Illinois in 1964. He was chairman of the 1960 GOP National Platform Committee. He resigned as chairman of Bell & Howell Co. when he ran for governor. He had become president and chief executive officer of the firm in 1949 at the age of 29.

Valerie, her twin, Sharon, and their brother, Roger, 19, were children of Percy's first marriage, to Jeanne Dickerson who died in 1947. Two other children, Gall, 13, and Mark, 11, were born during his second marriage.

The slaying shocked residents of Kenilworth, a community of fewer than 3,000. Neighbors, classmates and friends spoke of Valerie in glowing terms. "She was loved and admired by everyone in the community," said a neighbor, Mrs. Nelson D. Stoker.

The convention adopted in its platform Friday a plank for free textbooks "for students in every grade through high school without tax increases."

The platform did not designate that the surplus money should go for textbooks. Council members made it clear, however, that they preferred the money be used for pay raises first.

No Sign of Peace for Grenada

By JOHN M. PEARCE

GRANADA (AP) — Two days of violence and five days of tension in Grenada have passed without any effective dialogue between white city officials and Negro civil rights leaders.

There was one brief and informal contact two weeks ago, because the season's first high school football game. Two ministers approached local officials of the Southern Christian Leadership Conference to ask that a march scheduled for that night not be held.

"We thought there might be a riot or a massacre," the Rev. Jamie Houston, a Methodist minister, said Sunday. The march and a demonstration scheduled for the square were canceled.

But Mr. Houston is not optimistic about formal negotiations soon. He thinks the city is controlled by persons with ultra-conservative political views, and is suspicious that the Ku Klux Klan is active in the county's rural areas.

"The Negro community has for some months been willing to negotiate," he said, but he blamed the lack of communication partly on the "inability of the city and county government to come to a decision on what should be done."

Mr. Houston would like to see a cooling-off period, but asks, "Who is going to persuade the

Negro community to do this? They will always come back and say that up to now there has not been any incident of good faith.

"I believe they would in good faith try again as they did the night of the high school football game."

Another man who would like to see a cooling-off period is J. L. Townes Jr., the president of school board.

"If they would have a cooling-off period, things would change overnight. If they would lift the pickets and stop the demonstrations for a two-week period..." his voice trailed off and he looked out his office window into downtown Grenada. "Let them meet," he said. "Nobody would mind their meeting."

"We have got to get Grenada back to where we can be proud of it. I have not been proud of it," he said.

Grenada is a collection of segregated neighborhoods, where Negroes and whites live in peace within yards of each other. They have lived that way for years, and, although it is easy to tell which are the homes of well-to-do whites, and which belong to poor Negroes, many Negro homes look much the same as middle-class white homes.

Grenada has about 8,000 residents, 48 per cent of whom are Negro. Despite claims by some whites that the close living conditions make it an "integrated" town, there are no Negro policemen, no Negro deputy sheriffs and few Negroes in any responsible positions.

The Negro leaders are ministers and teachers whose congregations and classes are also Negro.

Many Negroes work in the city's industries. Lyon Division of Rockwell Standard Corp., which makes automobile wheel covers, and McQuay Inc., which makes refrigeration unit components, hire more than 700 Negroes, Townes said.

Townes, a businessman who sees himself as a friend of the Negro and says he has taken a part in asking local industries to

hire Grenada's Negroes, would like to see the tension eased. "The people in Grenada have been good to the Negroes," he said. "They are part of our community — they've got to live."

YOUTH ASKED FOR IT!

This column is for young people their problems and pleasures, their troubles and fun. As with the rest of Helen Help US!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to Helen Help US!, this newspaper.

HE BORROWS FOR PROFIT

Dear Helen: Don't worry, I have changed the facts enough so I don't put the finger on anybody.

We moved here this summer. My neighbor to the left is very friendly. The first week we got here, he told me his lawn mower had burned out and could he borrow ours during the daytime when we work — so it wouldn't interfere with our yard duties. . . . His wife would use it, or his son.

Well, this went on for two months and he never got his mower repaired. In fact I never saw a mower in his garage. They are avid borrowers, of everything.

One day my wife became ill and came home at 2:30 p.m. She saw this neighbor's son out mowing another neighbor's lawn — with OUR mower.

I asked around and discovered the boy has used our mower to earn all his spending money. What bugs me is our son at the same time was delivering papers, and spending his time at the odd job center across town, when he could have been earning more right at home. If this kid hadn't sewed up the territory with OUR

lawnmower! Which isn't in A-Number - 1 condition anymore. — Peeved Pop and What To Do About It?

Dear Pop: If you don't mind a neighborly feud, you could send them a bill for two months rental of your power mower.

Or you could tell your neighbor frankly you can't afford to maintain a community machine, which would reduce the "feud" to a "strained relations" category.

Or your son can take over the territory, inasmuch as he is the only worker with access to the equipment. . . Which would hot up the "Feud" again.

. . . Or you can continue being a patsy for a very friendly neighbor.

I'm partial to a combination of Ideas No. 2 and 3. After all, "friends" like these would be less expensive as enemies. — H.

Dear Helen: I think you were wrong in your answer to the job seeker who was interviewed "in depth" (with a lie detector yet — H.) while his wife had a "company" visit at home. (In the morning yet, with no warning. — H.)

Though the questions asked were quite personal, big concerns nowadays have to know who they're hiring, and whether they are "normal" or not. If they have ever taken dope, had VD, been attracted to other men or unfaithful to their wives, they would not be very good risks, would they? So why not find out with the best means available? If a man has nothing to hide, he should not resent this sort of testing. (Note from H.: My correspondent did. He told the company to take its job!)

As for the executives' wives visiting in the home, this is done a lot — and in the armed forces too. It's necessary to know whether the wife will qualify in society, when the husband goes up the ladder. Some women stagnate and

hold their men back. — Mrs. S.

Dear Mrs. S: Orwell's "1984" — her we come! If man accepts this kind of prying to land an ordinary job, will bugging his home and office with the all-seeing TV eye and the all-hearing transistor tape be far behind? I shudder! — H.

Dear Helen: About the lie detector quiz: This implies distrust and I wouldn't work for a firm that couldn't trust me. I'd feel it wasn't to be trusted either.

Another thing that bothers me is the question on job applications: "Have you ever been arrested?" Many innocent people are arrested these days, but if they aren't convicted, then why should that black mark go down against them?

I think the question should read, "Have you ever been convicted of any crime or misdemeanor?" — Proved Innocent

Total of 21 Strikeouts by Detroit

By RON RAPPOPORT
Associated Press Sports Writer

No wonder Sam McDowell's shoulder stiffened up. He was standing in a draft.

For six innings in Cleveland's 6-5, 10-inning victory over Detroit Sunday, McDowell struck out almost everybody who dared appear at the plate with a bat in his hands.

He tied a major-league mark by striking out the first five batters he faced and then, after Mickey Stanley doubled, McDowell fanned the next four. In all, Sam struck out 14 Tigers before something — maybe all that wind coming from the plate — caused his shoulder to stiffen and he had to bow out.

But by then the Tigers just couldn't seem to stop striking out. In reliefers John O'Donoghue and Luis Tiant whiffed seven more between them for a grand total of 21.

In the first nine innings, 19 Tigers returned ingloriously to the dugout, a record for regulation play. At the same time, eight Indians struck out and the total of 27 for nine innings provided another one for statisticians to cope with.

As for the game itself, the Indians were rolling nicely along with a three-run lead in the eighth inning, when Norm Cash pulled the Tigers into a 5-5 tie with a three-run pinch homer in the eighth.

But in the 10th Vic Davalillo doubled and came in on a single by Max Alvis, sending everybody home to practice their eye exercises.

In other American League games, Chicago beat Baltimore 4-3, California took Boston 5-3, Minnesota stopped New York 5-3 in 10 innings and Kansas City won the completion of a suspended game from Washington 3-0, then the Senators won the regular game 1-0.

In the National League, Pittsburgh beat San Francisco 3-1, Philadelphia blanked Los Angeles 4-0, Chicago edged St. Louis 3-2, Atlanta bombed Cincinnati 9-1 and Houston took two from New York 3-2 and 6-3.

McDowell raised his American League-leading strikeout total to 216. Tiant, the eventual winner, fanned five and Denny McLain and Larry Sherry each struck out four for the Tigers.

Baltimore stranded five runners on third base as the White Sox completed a sweep of a three-game series. Bill Skowron doubled in two runs in the fifth inning for Chicago, and a single by Pete Ward added another.

Bob Allison's 200th career homer and seventh of the season, came at an opportune time for the Twins. Batting for Jim Hall in the 10th inning, Allison hit a three-run blast that gave Minnesota enough cushion to withstand a homer by Bill Bryan of the Yankees in the bottom of the inning.

Michigan State, UCLA Head List

By MIKE RECH
Associated Press Sports Writer

Michigan State and UCLA will not meet on the field this year, but the first big weekend of college football showed they might tangle at the top of the national rankings.

The Spartans, No. 2 in pre-season polls, swept past North Carolina State 28-10 Saturday, prompting wolfpack Coach Earle Edwards to say: "They just had too much for us."

The Spartans might have too much for anyone, although UCLA, No. 4, could argue — again.

The Uclans unveiled their 1966 edition by belting unfortunate Pittsburgh 57-14.

Michigan State, which beat UCLA in regular play last season before losing an unbeaten season and No. 1 ranking to the Bruins in the Rose Bowl, ground out their victory as quarterback Jimmy Raye filled the shoes of departed Steve Juday. Raye ran for one touchdown and set up two others in the crunching attack of the Spartans, who are ineligible for the Rose Bowl this season.

Quarterback Gary Beban is still around for UCLA and he scored two TDs and passed for a third as he hit eight of 13 passes for 100 yards and ran for 79 mores.

First-ranked Alabama did not play, but will begin its quest of a third straight national title Saturday against Louisiana Tech.

Other teams in the Top Ten had their problems, except Purdue, expected to contest Michigan State for the Big Ten crown.

The Boilermakers sped by Ohio University on Bob Griese's three scoring passes in a tune-up for their collision with idle Notre Dame, No. 6, Saturday.

UCLA's chief competition, Southern California, ranked ninth, squeezed by Texas as Troy Winslow passed for 177 yards to overshadow Bill Bradley, the quarterback counted on to lead the Longhorns back into the rankings.

Nebraska, No. 3, and Arkansas, No. 5, also had their troubles. The Cornhuskers barely got by Texas Christian 14-10 and the Razorbacks nipped Oklahoma State by the same score. Arkansas needed Jon Britten's 11-yard scoring run in the last three minutes for its success.

Assagai all but wrapped up the grass course title and a bid to the Washington, D.C., International at Laurel, Md., Nov. 11.

Tom Rolfe, last year's 3-year-old champion bidding for handicapped honors this year, received a setback when he was unable to give 18 pounds to lightly regarded Stanislas in the \$114,500 Michigan Mile and One-Eighth at Detroit. Stanislas, carrying 126 pounds and paying \$41 for 82, beat the ace of Raymond Gies's Powhatan Stable packing 127 pounds as the odds-on favorite, by 3 1/2 lengths Saturday.

The little son of the Italian race, Rolfe, is slated to hook up with the sensational Buckpasser and Buffalo, another 3-year-old, in the 1 1/4 miles of the \$100,000 United Nations on the turf at Atlantic City for his seventh victory in 10 starts this year. Bold Bidder, making his first appearance on the grass, wound up eighth, as Assagai earned \$65,000 and paid \$2,000.

Don Ross' Open Fire, believed to be a show-in for the fill and the 1 1/4 miles of the \$100,000 United Nations, couldn't do better than fourth in the \$65,200 Belmont at Aqueduct.

Charles Engelhardt's Assagai, a 3-year-old, is eight races from the rotating telephone dial contest, a patented in 1926.

CHALLENGER Cleveland (Big Cat Williams) right leads a helping hand as he spreads the ropes to let heavyweight champion Cassius Clay enter the ring in Houston prior to signing for their title bout. Williams and Clay will meet Nov. 14 in the Astrodome and Williams promises not to be so polite.

Rain Comes Too Late for Dodgers

By DICK COUCH
Associated Press Sports Writer

When the rain finally fell on Los Angeles, it was too little and too late for the Dodgers.

Philadelphia's Larry Jackson was putting the wraps on a 1-0 victory over the National League leaders Sunday when a downpour halted play for seven minutes at the start of the ninth inning.

The Dodgers have learned to live without runs — they had been shut out 14 times this season before Jackson blanked them. And Pittsburgh's 3-1 victory at San Francisco, which trimmed their lead to 1 1/2 games, caused no panic in the Los Angeles clubhouse.

But rain was something else for the Dodgers.

They have never had a home gain rained out since migrating west from Brooklyn nine years ago. Sunday's rain delay was the first they'd ever had to sit out at Dodger Stadium.

When the rain let up, Jackson mopped up his 15th victory and fifth shutout of the year. The rubber-armed, 35-year-old veteran scattered seven hits and allowed only one Dodger runner past second base.

Meanwhile, Woody Fryman, who had not pitched a complete game in two months, tamed the Giants on four hits, losing his shutout bid when Tito Fuentes homered in the ninth.

The rookie left-hander beat Gaylor Perry, who has been unsuccessful in seven straight starts since becoming the first 20-game winner in the majors four weeks ago.

Houston swept a doubleheader from New York 9-2 and 6-5; Atlanta ripped Cincinnati 9-4, and Chicago edged St. Louis in other NL action.

In the American League, Chicago nipped Baltimore 4-3; Cleveland topped Detroit 6-5 in 10 innings; Minnesota downed New York 5-3 in 10; California beat Boston 5-3, and Washington shaded Kansas City 1-0 after bowing 3-0 in the completion of a suspended game.

The Phillies scored all their runs in the third inning, chasing LA starter Claude Osteen, who had won three in a row. Cookie Rojas drove in two runs with a single, Dick Groat punched a run-scoring single and reliever Bill Singer barked the last run across.

Jackson walked two and struck out three in boosting his record to 15-14 and shutting out Los Angeles for the second time this year.

The Pirates nipped Perry, now 20-8, for two runs in the first inning without hitting a ball out of the infield. Two walks around an infield single by Willie Stargell loaded the bases with two out.

Bill Mazeroski hit a line drive which Perry deflected to second baseman Hal Lanier, but Willie McCovey dropped the throw at first while two Pirates crossed the plate.

Stargell doubled home the third Pittsburgh run in the fifth inning.

Fryman, 12-8, set down the first nine men he faced, gave up a single by Fuentes in the fourth and did not yield another hit until Jim Davenport singled in the eighth.

Buckpasser May Not Get a Challenge

Tom Rolfe raised the question whether he is ready to take on Buckpasser, the best of the 3-year-olds, Oct. 1 in a weight-for-age contest.

Assagai all but wrapped up the grass course title and a bid to the Washington, D.C., International at Laurel, Md., Nov. 11.

Pine Bluff Wins 51-6 Over Yerger

By JAMES HAMILTON
and
JOSEPH WITHERSPOON

The Yerger Tigers were defeated by the explosive power of the Southeast Panthers in Jordan Stadium at Pine Bluff Friday night by a score of 51-6.

The scorers for Southeast were Jackie Humphrey, Clyde Flowers, Percy Singleton, and Jimmie Sanders who all scored during the first half as the Panthers led the Tigers by a score of 32-0. Only two P. A. T. were good.

Going into the second half with the score 32-0, the Panthers kicked off to the Tigers 20 Yd. line. The ball was picked up by Ernest Standokos who galloped 80 yds. for a TD. He maneuvered himself through the Panthers line. His great speed took him all way into the zone for the first and only Tiger score. The P. A. T. was no good.

After exchanging possessions of the ball for a second time, The Tigers recieverd the ball on their own 20 yd. line, and advanced to the 35 as Robert Prater galloped for a gain of 15 yds. After making a first inten, Yerger took to the air.

On a pass that was thrown by Frank Prater intended for James Monk was intercepted by Fuller Cherry on the 40 yd. line and took it in for a score. The P.A.T. was good.

Other scorers in the second half for the Panther were Carle Hill, Johnny Blackwell, and George Cobb.

The leading rushers for the Tigers Earnest Standokos with carries for 93 yards and Robert Prater with 68 yards. Singleton and Sanders were the leading rushers for the Panthers.

Meredith's 5 Passes Sink Giants

By BOB GREEN
Associated Press Sports Writer

Football buffs in the Southwest used to call it Southern Meredith University. Next thing you know they'll be saying that Big D stands for Don.

Don Meredith, probably the 47 most celebrated graduate of SMU since Doak Walker, threatened to take Dallas' nickname for his own Sunday when he threw five touchdown passes en route to the Dallas Cowboys' 52-7 humiliation of the New York Giants.

The overwhelming triumph in Dallas' National Football League opener—the Cowboys were idle last week when the rest of the teams opened—stamped the team as the one to beat in the Eastern Conference.

The Cowboys' victory looked even bigger when Green Bay knocked off Cleveland, the other big favorite in the East, 21-20. Pittsburgh surprised Detroit 17-3, Philadelphia handled Atlanta 23-10, St. Louis took Washington 23-7 and Baltimore bombed Minnesota 38-23 in the other Sunday games.

The Los Angeles Rams upset Chicago's Bears 31-17 Friday. Meredith, 28 and in his seventh season as a pro, appeared to be, at last, reaching his potential as a professional quarterback.

He completed 14 of 24 passes for 358 yards and five touchdowns, set up still another touchdown with a 12-yard run and played less than three full quarters in the Cowboys' rout of New York.

"Meredith played as near a perfect game at quarterback as I ever saw," said Coach Tom Landry. "He was in command all the time, moved the team with great confidence, made only one poor pass and all-in-all played the best game of his career."

He whiled away the time playing catch with Bob Hayes and Dan Reeves. Hayes caught six passes for 195 yards, including touchdowns of 74 and 39 yards. Reeves took six for 120 yards, including touchdowns of 2, 1, and 19.

Baltimore veteran Johnny Unitas had a passable afternoon, too. He hit on four touchdowns after the Colts had spotted Minnesota a 16-0 lead, leading Baltimore from behind and breaking Y.A. Tittle's old career touchdown pass record. He connected on throws of 83,

(NEA Telephoto)

VETERAN defensive back Bernie Parrish was placed on waivers by the Cleveland Browns Sept. 14. Parrish, in his eighth year with the defending Eastern Conference champions, asked to be traded or released as a result of not being named to start in last Sunday's opening game against the Washington Redskins.

40, 26 and 4 yards for a career total of 214, two more than Tittle's old mark.

Baltimore, however, remained a full game behind Western Conference co-leaders Los Angeles and Green Bay when the Packers' Jim Taylor crashed over for the deciding touchdown against Cleveland with three minutes left.

Taylor scored on a nine-yard swing pass from Bart Starr, sidestepping two defenders on his way to the goal line, culminating an 85-yard drive and putting the Packers ahead for the first time.

The loss dropped Cleveland well back in the East, now dominated by St. Louis. The Cards came from behind the Redskins with 17 points in the last quarter, two touchdowns being set up on fumble recoveries and Jim Bakken kicking his third field goal of the game.

Unbeaten Jets Whip Oilers 52-13

By MURRAY CHASS

Quarterback George Blanda of Houston is thankful that mammoth defensive tackles Ernie Ladd and Pat Holmes are on the Oilers' side.

Quarterback Joe Namath of New York was thankful Sunday that they stayed on the Oilers' side — of the line.

With Ladd and Holmes out of his way, Namath fired five touchdowns passes as the Jets annihilated the Oilers 52-13 and gained the distinction of being the only unbeaten team in the American Football League's Eastern Division.

Before the game, the Jets thought they would have more than a little trouble with Ladd, 6-foot-9 and 315 pounds, and Holmes, 6-foot-5 and 265 pounds. "It's sure nice to have those big fellows on your side," Blanda had said.

But once the Jets' offensive line got started, it didn't matter if it was Ladd and Holmes or Jack and Jill on the other side of the line.

"Our whole offensive line was great," New York Coach Weeb Ewbank said after the game, which left New York 2-0 and Houston 2-1. "You have to especially give Sam DeLuca and Dave Herman credit for keeping Ladd and Holmes out."

"DeLuca did a fantastic job on Ladd," Namath added. In other games, Kansas City remained unbeaten in the West by whipping Oakland 32-10, previously winless Buffalo bounced back with a 58-24 trouncing off Miami and Boston defeated Denver 24-10.

Kansas City's Len Dawson hurled three touchdown aerials, two to Fred Arbanas. The Chiefs' defense also harassed Oakland, blocking one punt and two field goal attempts by Mike Etscheid. Two of the blocked kicks set up Kansas City touch-

downs. Buffalo handed neophyte Miami its third loss of the season. Butch Bvrd led the Bills' barrage, racing for two touchdowns on a 60-yard run with an intercepted pass and 72 yards with a punt. Bobby Burnett and Jack Spikes also scored twice for the Bills.

Three field goals by Gino Caporale kept the Oilers close to Denver until the fourth quarter when Jim Nance set up one touchdown with a 12-yard run and scored another on a seven-yard ramble. Archie Matsos set up a Denver field goal by recovering a fumble, and he also intercepted a pass.

Three hours after Denver's second defeat, Bronco Coach Mac Speedie resigned.

Denver in Search for New Coach

DENVER, Colo. (AP) — Key officials of the Denver Broncos began their search today for a new head coach for the American Football League team.

Three hours after his team tallied their second loss of the season Sunday, Coach Mac Speedie resigned.

Denver was defeated by the Boston Patriots 24-10 and absorbed a 45-7 setback by Houston last Sunday without making a first down.

The resignation was accepted by Gerald H. Phipps, chairman of the board of Empire Sports, Inc., the Broncos' owner.

Speedie, 46, immediately contacted Phipps following Sunday's game, and requested a meeting with the corporation's executives. Explaining that he felt it was in the best interests of professional football and the team's future, Speedie voluntarily handed in his resignation.

Speedie was the third head coach hired since the Broncos began professional football in 1960. He led the club to a 2-11-1 record in 1964 and a 4-10 series last year.

Harding and Southern State Meet

By THE ASSOCIATED PRESS
Arkansas Intercollegiate Conference football teams begin this week battling for the conference football title following a successful week of inter-sectional competition.
The AIC registered four victories and one tie in seven battles with non-conference opposition last week and swings into conference play Saturday night with three games slated. Most of the interest will cen-

ter on the Harding-Southern State clash at Magnolia, but the other two games feature defending co-champions Arkansas A&M and Arkansas State Teachers.
A&M takes on Arkansas Tech at Monticello while ASTC entertains Ouachita Baptist at Conway.
In Saturday's games, ASTC nudged Tennessee Martin Branch 17-14, Southern State outscored Livingston (Ala.) State 30-20, Harding belted Rolla (Mo.) 31-13; Arkansas Tech tied Northeast Oklahoma 6-6 and Southeast Oklahoma beat Ouachita 18-0.
Arkansas A&M tripped rug-

ged Delta (Miss.) State 7-0 and Mississippi College stopped Henderson 23-13 Thursday night.
Jim Wilson's 32-yard field goal proved to be the difference for ASTC. But the hero was All-AIC quarterback Bobby Tiner who accounted for 173 yards in total offense, passing for one touchdown.
Dick Richardson's 70-yard pass interception return accounted for the other ASTC score.
Jim Leonard scored two touchdowns and threw for another to lead Southern State over Livingston. Stanley May scored the other Mulierder touchdown and Rusty Kauffman

booted a 32-yard field goal.
Jimmy Howard, an all-conference halfback last year, made his debut at fullback Saturday night and rambled for 134 yards to lead Harding to its victory. Howard and quarterback Don Dixon scored two touchdowns each and Dixon passed for another.
Bobby Heim's 65-yard punt return in the fourth quarter lifted Tech to its deadlock with Northeast Oklahoma, a perennial powerhouse.
Ouachita never penetrated Southeast's 10-yard line as Savage quarterback Ish Kanitobe scored twice on one-yard runs,

Jerry Hartsfield picks up good yardage for Hope.

Letters to the Editor

SUPPORT FOOTBALL
Editor The Star: Hope has always been known around the state as a "football town". This means a town that has a football team that just doesn't like to be beaten and boosters who support it all the way.
If the won-and-lost records were checked back over the past few years, these alone would prove the point. There are a great many things that blend together to make a "Football Town". The three best known ingredients are a good coach, good material, and probably most important, good boosters.
There is no question but that most people like a winner, and that boosters can boost a big winner easier than a team that has to scrap to win a game.
What seems to be overlooked most by many people, is that a town, even Hope, can not produce a great number of excellent athletes every year. Just as the watermelon crops are smaller and fewer some years, so are our athletes. This causes what the coaches call "down" years and "up" years, as far as material is concerned. It is highly probable that we are in the "down years" now, as football material goes, even though we do have some good athletes.
The fact that is most apparent from past observance, is that when the team is "down" so is the support. This was apparent last year, even here in Hope, where we are supposed to be good boosters of the sport. It is an easy job to support an "up" team, but the real test of a true booster comes following a down year. We think that it is time for all Bobcat supporters to stand up and be counted.
What are we supporting? We are boosting a group of coaches who take our boys and try to win every game they possibly can, knowing that their job probably depends on it. We are boosting a group of young men who are doing their best, in lose or draw.
We wonder if we, as supporters have been doing our best to support them the way we should.
How can we be a booster or a supporter? There are many ways but they probably could be covered under one heading, having a good supporting attitude. Instead of criticizing and hurting we should assure and encourage the coaches and players. We usually expect too much nowadays from our high school athletes, as we see more and more college and pro games, Televised or in Person.
The Booster Club discussed the problem of local support last Monday night when eight or ten members gathered for the regular meeting. The Booster Club has agreed to take on the responsibility for the All Sports Banquet this spring. Along with many other projects for the year.
The club meets every Monday night at 7 o'clock in the Junior High School. Films of the last game are shown and discussed by the coaches. Let's up the attendance starting this Monday night. Instead of being a Saturday-morning quarterback, let's be a Monday-night supporter.
If we are to continue to be known as a "Football Town", we are going to have to revive the old "Bobcat Spirit" and actively support this and every Bobcat team that takes the field.

Pressure Does It

A person takes advantage of atmospheric pressure when sipping soda through a straw. Surface pressure forces the liquid up into the hollow stem as air is sucked from the straw. Weight of air pressing on the earth can push water to a height of 35 feet.

Mexicans Sweep Colonial Tourney

FORT WORTH, Tex. (AP) — Rafael Osuna and Joaquin Loyo-Mayo converted the fifth Colonial National Invitation Tennis Tournament into a Mexican fiesta Sunday, whisking away singles and doubles tennis championships.
Osuna, long-time Davis Cup competitor, captured his second Colonial singles crown, 6-3, 3-6, 6-3 over Cliff Drysdale of South Africa.
He then joined Loyo-Mayo, a newcomer to the international tennis set, to outlast Manuel Santana and Ronnie Barnes for the doubles title 7-9, 6-1, 9-7.

BLINDNESS HIGH IN INDIA
NEW DELHI (AP) — The incidence of blindness in India is probably the highest in the world, the Indian Society for the Prevention of Blindness reported.
It said five out of every 1,000 Indians were blind. The society complained India has only one eye specialist for every 500,000 people, compared with one for each 10,000 in Western countries.

Cambodia Tells U. S. Stop Bombings

By THE ASSOCIATED PRESS
PHNOM PENH, Cambodia (AP) — "If the Americans want to come back to Cambodia they must decide, once and for all, to stop bombing us," Prince Norodom Sihanouk says.
Sihanouk added that his people would "sack the American Embassy, as they have already done, if there were new bombings in our frontier zones by the Americans."
Relations between the two countries broke down in early 1965 following incidents along Cambodia's border with South Viet Nam. American planes recently bombed the Cambodian village of Thlok Track and Washington said there was confusion about the exact line of the frontier.
Sihanouk expressed his views to West German author Klaus Mehnerl during an interview Saturday.

LEGAL NOTICE

PROPOSED INITIATED ACT NO. 1
(Proposed by Petition of the People)
PETITION TO INITIATE A LEGISLATIVE ACT TO: THE HONORABLE KELLY BRYANT, SECRETARY OF STATE, STATE OF ARKANSAS:
We, the undersigned legal voters of the State of Arkansas, respectfully propose the following Act, to-wit: (Popular Name)
SCHOOL DISTRICT REORGANIZATION ACT
(Ballot Title)
AN ACT FOR THE PURPOSE OF DISSOLVING ON JUNE 1, 1967 ALL SCHOOL DISTRICTS WHICH HAVE LESS THAN FOUR HUNDRED (400) ENUMERATED STUDENTS ACCORDING TO THE LAST OFFICIAL SCHOOL ENUMERATION; PROVIDING FOR THE ANNEXATION OF THE TERRITORY OF SUCH DISSOLVED SCHOOL DISTRICTS; PROVIDING FOR APPEAL FROM ACTION OF THE COUNTY BOARD OF EDUCATION IN ANNEXING TERRITORY OF SUCH DISSOLVED SCHOOL DISTRICTS; PROVIDING FOR THE DISSOLUTION IN THE FUTURE OF SCHOOL DISTRICTS WHEREIN THE NUMBER OF ENUMERATED STUDENTS FALLS BELOW FOUR HUNDRED (400) AS REFLECTED BY TWO CONSECUTIVE OFFICIAL SCHOOL ENUMERATIONS; AND PROHIBITING THE ESTABLISHMENT IN THE FUTURE OF ANY SCHOOL DISTRICT WITH LESS THAN FOUR HUNDRED (400) ENUMERANTS; AND AUTHORIZING THE STATE BOARD OF EDUCATION TO DEFINE "ISOLATED SCHOOLS" AND TO PROMULGATE RULES FOR ADMINISTRATIVE SUPPLEMENTAL STATE FUNDS FOR THEIR OPERATION.
(Text of Initiated Act)
BE IT ENACTED BY THE PEOPLE OF THE STATE OF ARKANSAS:
SECTION 1. On June 1, 1967, all school districts which had less than four hundred (400) enumerated students according to the last official school enumeration are hereby dissolved. In each county of the state, within ten (10) days thereafter, the County Board of Education shall develop and file with the State Board of Education a plan to annex the territory of such dissolved district or districts to another district or districts. The State Board of Education may approve, revise and approve or reject and require the submission of another plan. With the approval of the State Board of Education the County Board shall forthwith consummate the annexation. If any County Board of Education fails to submit an approvable plan not later than June 30, 1967, the State Board of Education shall make the required annexation.
SECTION 2. Appeals from the action of the County Board of Education on matters of annexation as authorized herein may be reviewed by the County Court of the county in which said school district or districts is located. In such a review, an appeal must be filed with the Secretary of the County Board of Education within thirty (30) days after the decision of the County Board of Education. Such an appeal shall be heard by the County Court. The County Court shall have the authority to affirm, reverse, or modify the action of the County Board of Education. The decision of the County Court shall be final.
SECTION 3. No construction shall be given to any part of this Act which would result in impairing the obligations of any valid contract of any school district. Except as otherwise provided in this Act, all matters of reorganization and annexation of school districts undertaken under the provisions of this Act shall be made in accordance with existing laws.
SECTION 4. After the reorganization provided in Section 1 of this Act has been effected:
(a) any school district wherein the number of enumerants falls below four hundred (400) as reflected in two consecutive official school enumerations shall be dissolved and the territory of such district shall be annexed in the manner provided in Section 1 hereof; and
(b) no new district shall thereafter be formed with fewer than four hundred (400) enumerants.
SECTION 5. The State Board of Education is hereby authorized and directed to establish criteria for defining "isolated schools" and to promulgate rules and regulations for the administration of supplemental state funds to be allocated to school districts operating such "isolated schools".
SECTION 6. The provisions of this Act are severable, and if any part or provision hereof shall be void, the decision of the court shall not affect or impair any of the remaining parts or provisions of the Act.
AND BY THIS, OUR PETITION, ORDER THAT THE SAME BE SUBMITTED TO THE PEOPLE OF SAID STATE, TO THE END THAT THE SAME MAY BE ADOPTED, ENACTED OR REJECTED BY THE VOTE OF THE LEGAL VOTERS OF SAID STATE AT THE REGULAR GENERAL ELECTION TO BE HELD IN SAID STATE ON THE 8TH DAY OF NOVEMBER, 1966, AND EACH OF US FOR HIMSELF SIGNED THIS PETITION. I AM A LEGAL VOTER OF THE STATE OF ARKANSAS, AND MY RESIDENCE, POST OFFICE ADDRESS AND VOTING PRECINCT ARE CORRECTLY WRITTEN AFTER MY NAME.

days after receipt of the notice of appeal the Secretary of the County Board of Education shall prepare, certify and file with the Circuit Clerk of the proper county the entire record of the case including a transcript of all testimony taken at the hearing if a transcript was made. Upon review of any board decision under this act the Circuit Judge shall sit without a jury and may hear oral arguments and receive written briefs but no new evidence may be introduced or offered in Circuit Court except to correct omissions or errors in the record. Such appeal cases shall be heard by the Circuit Court within twenty (20) days after the filing of the record with the Circuit Clerk and such cases shall have precedence over other cases pending in said court. Any party to the review proceedings, including the Board, may appeal to the Supreme Court from the decision of the Circuit Court under rules of procedure applicable in other civil cases.
SECTION 3. No construction shall be given to any part of this Act which would result in impairing the obligations of any valid contract of any school district. Except as otherwise provided in this Act, all matters of reorganization and annexation of school districts undertaken under the provisions of this Act shall be made in accordance with existing laws.
SECTION 4. After the reorganization provided in Section 1 of this Act has been effected:
(a) any school district wherein the number of enumerants falls below four hundred (400) as reflected in two consecutive official school enumerations shall be dissolved and the territory of such district shall be annexed in the manner provided in Section 1 hereof; and
(b) no new district shall thereafter be formed with fewer than four hundred (400) enumerants.
SECTION 5. The State Board of Education is hereby authorized and directed to establish criteria for defining "isolated schools" and to promulgate rules and regulations for the administration of supplemental state funds to be allocated to school districts operating such "isolated schools".
SECTION 6. The provisions of this Act are severable, and if any part or provision hereof shall be void, the decision of the court shall not affect or impair any of the remaining parts or provisions of the Act.
AND BY THIS, OUR PETITION, ORDER THAT THE SAME BE SUBMITTED TO THE PEOPLE OF SAID STATE, TO THE END THAT THE SAME MAY BE ADOPTED, ENACTED OR REJECTED BY THE VOTE OF THE LEGAL VOTERS OF SAID STATE AT THE REGULAR GENERAL ELECTION TO BE HELD IN SAID STATE ON THE 8TH DAY OF NOVEMBER, 1966, AND EACH OF US FOR HIMSELF SIGNED THIS PETITION. I AM A LEGAL VOTER OF THE STATE OF ARKANSAS, AND MY RESIDENCE, POST OFFICE ADDRESS AND VOTING PRECINCT ARE CORRECTLY WRITTEN AFTER MY NAME.

WANTED! MEN — WOMEN

From ages 18 and over. Prepare now for U.S. Civil Service job openings during the next 12 months. Government positions pay high starting salaries. They provide much greater security than private employment and excellent opportunity for advancement. Many positions require little or no specialized education or experience. But to get one of these jobs you must pass a test. The competition is keen and in some cases only one out of five pass.
LINCOLN SERVICE, Dept. 22-38 Pekin, Illinois
I am very much interested. FREE list of U.S. salaries and information. Government job.

IN LOUISVILLE, where Cassius Clay is fighting to stay out of the draft, Iroquois High School English teacher Patrick Curran would rather switch than fight. Curran, 22, had the unhappy honor of becoming the first Louisville teacher to be drafted since the start of the Viet Nam war. He's shown saying goodbye to students.

A school in Detroit has a novel method of health education. When one of the pupils is ill, the class discusses the nature of his illness, its cause, how it affects a person, what the term looks like if it is an infection, how the germs are transmitted and what preventive measures are applicable by bringing such health instruction to pupils in kindergarten and first grade. When interest is aroused and lasting impressions are made.

When the children ask questions about the heart, they are encouraged to listen to their own or a classmate's heart sounds through a stethoscope. One boy who had to be treated for a heart condition, under went a change of attitude. His teacher had him smear a clean slab with his fingers, then, after cleaning the slide, look at the dirt and germs under a microscope. When taught in this way, concepts that would be difficult to teach with a textbook are easily grasped. Other visual aids used are pictures of the heart and diagrams of the heart.

As a result these children have a better picture of themselves and how to protect their hearts. Furthermore, they have the name of their doctor and a reassuring stranger who is a friend who can help them in their illness and prevent it.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

2 British Envoys to Rhodesia

By LOUIS NEVIN
LONDON (AP)—Two British Cabinet ministers were on their way to Rhodesia today for another round of talks with leaders of the rebellious colony.

Commonwealth Secretary Herbert Bowden and Atty. Gen. Sir Elwyn Jones left London just before midnight after a four-hour delay.

The departure of Bowden and Jones was delayed after Rhodesian Prime Minister Ian Smith said he had agreed to the visit on the understanding the talks would be formal exchanges between the British and Rhodesian governments.

Officials said Prime Minister Harold Wilson let Bowden and Jones leave after receiving assurances from Salisbury, the Rhodesian capital, that Smith's statement was made to placate extremists in his own Rhodesian Front party.

Wilson's office said Bowden's talks with the Smith regime will be carried out via Gov. Gen. Sir Humphrey Gibbs, who still is the official representative in Salisbury of Queen Elizabeth II.

Bowden told newsmen at London Airport he was going to Rhodesia to gather all shades of opinion and, as Smith represents one opinion, he would be willing to talk to him.

"But this must not in any way be thought to be a negotiation," the secretary added.

In Salisbury, sources close to the Rhodesian government suggested that Smith might meet secretly with the two British ministers, with Smith attending as a "private citizen" and Bowden and Jones as British ministers "without power in Rhodesia." This was the procedure followed by Smith and another emissary from Wilson earlier this year.

British officials emphasized Bowden would outline these demands for an end to the rebellion, authorized by the Commonwealth conference last week:

1. Replacement of Smith's regime by a "broadly based representative administration" appointed by the governor general.

2. The release from detention of African nationalist leaders and permission for them to engage in normal political activities.

3. Negotiations between the British government and the new Rhodesian government for constitutional changes assuring majority rule for Rhodesia's 4 million Africans. Political power now is held by the 225,000 whites.

4. A "fair and free" test of Rhodesian opinion to determine whether the people as a whole accept the new constitution.

5. No independence from Britain until majority rule is attained "unless the people of Rhodesia as a whole are shown to be in favor of it."

The Commonwealth conference gave the Rhodesians until Dec. 31 to accept these terms and end their 10-month rebellion against British rule. If they don't, members of the Commonwealth will ask the U.N. Security Council to vote compulsory economic sanctions on key items.

State Has Record GOP Candidates

ARKADELPHIA, Ark. (AP)—Republican gubernatorial nominee Winthrop Rockefeller said Sunday that the Arkansas GOP had more candidates this year than all GOP candidates in previous years.

Rockefeller, speaking at the dedication of the \$250,000 Winthrop Rockefeller Fieldhouse at Ouachita Baptist University, had few political words for some 750 persons, saying he would resist the urge for a political speech on the Sabbath.

He did, however, get plenty of praise from OBU President Ralph A. Phelps Jr., whose name was prominent in speculation as a possible Democratic gubernatorial candidate earlier in the year.

Phelps praised what he termed Rockefeller's fight for progress in Arkansas.

7 Die on Arkansas Highways
By THE ASSOCIATED PRESS
A Pine Bluff couple died Sunday in a two-car collision on U.S. 65, about six miles north of Pine Bluff, bringing the number of Arkansans killed in week-end traffic accidents to seven.

State Police said Vess Kimbrell, 77, and Virgie Kimbrell, 56, were killed when a car driven by their granddaughter, Carmen Kimbrell, skidded on wet pavement and collided with a car driven by Robert Brudner of Little Rock.

Miss Kimbrell was hospitalized at Pine Bluff. She was listed in satisfactory condition today.

The extent of Brudner's injuries was not known.

The Associated Press count of traffic deaths covered the period from 6 p.m. Friday to midnight Sunday.

A one-car accident near Benton Saturday took the lives of two teenagers from Benton.

Bobby Gene Threlkeld and Thomas David New, both 19, died Saturday when their car smashed through a bridge railing and plunged into the Saline River about five miles west of Benton. The bodies were recovered.

C. L. Campbell, 65, of Little Rock died in a Pine Bluff hospital Saturday of injuries he received earlier in the day when his car collided with a truck five miles north of Whitehall on U.S. 65.

State Police said Ronald Jolley, 19, of Memphis was killed Saturday when his car went out of control on U.S. 70 just east of Forrest City and struck a bridge railing.

Janetta Moore, about 17, of Pine Bluff was killed Saturday night in a two-car collision near Pine Bluff on the Dollarway Road.

Pine Bluff officers said Miss Moore was riding in a car driven by Jay Whaley, 18, of Pine Bluff. The car collided with one driven by Robert Austin Norman, 61, also of Pine Bluff.

Norman and Whaley were reported in serious condition in a Pine Bluff hospital.

Integration Too Fast for Governors

By BILL HAWKINS
KENTUCKY DAM VILLAGE, Ky. (AP)—Many Southern governors agree with Alabama Gov. George C. Wallace the federal government is pushing too hard, too fast on school desegregation.

But none of those interviewed at the Southern Governors' Conference indicate that their states have any intentions today of following Wallace's example of open defiance on the issue.

Alabama, at Wallace's urging, recently passed a state law forbidding school desegregation except under federal court order.

"We have told our school systems that they do not need to go beyond the (1964 civil rights) law," said Gov. Robert E. McNair of South Carolina. "We have promised legal aid to those which the federal government seeks to have go beyond this law. But there are no plans to go further."

School desegregation in the South currently ranges from that in such states as Tennessee, Kentucky, Florida and Oklahoma, which report virtually no problems, to that in Alabama, South Carolina, Louisiana, Mississippi, Virginia and Georgia. In the latter states, the governors were unanimous that the guidelines on school desegregation go beyond the Civil Rights Act and that the Justice Department seeks to exceed the guidelines or both.

"I most certainly feel that the guidelines exceed the authority of the new Civil Rights Act and I told the head of HEW," said Gov. Miles E. Godwin of Virginia, referring to John W. Gardner, secretary of health, education and welfare.

Godwin said the Office of Education and the Justice Department both were "very unreasonable in their approach" to the issue. The Virginia governor added, however, that there were no major desegregation problems in his state and he felt the state's civil rights leaders were "very understanding."

"The Justice Department is the one that's going beyond the guidelines," said Mississippi Gov. Paul Johnson. He said his state has protested to Washington "many, many times. In some instances, our protests have resulted in promises that the federal government would try to cooperate and be more reasonable but it's not cooperated thus far." He added: "You can't pull tradition up by the roots that's been in existence for more than 100 years and expect to accomplish anything over night, but I don't think (secretary) Gardner or those people up there (Washington) understand this at all."

Moral Issue Is Discussed by Willhite

The Hope Rotary Club didn't have an enjoyable program last Friday. Nor was it intended to be.

Instead, Rotarian Bob Willhite focused sharp attention on the moral degradation of Americans through pornography, promiscuity, and homosexuality, and stressed the need of the public to stop being apathetic about these problems. The speaker based a great deal of his message on the writings of outspoken editor of Tom Anderson.

Referring to the College level of education, he said that the problem was not too few classrooms but too many atheistic teachers, and he cited the deplorable results found in twisted thinking of many young people today. Confusion on the part of many has caused the rise of a Gray Area of thinking that does not clearly define good and bad. However, the examples Rotarian Willhite used were clear and disturbing.

A bright spot in the message was the report that complaints by the Ministerial Alliance concerning certain literature found on local newsstands a few months ago has resulted in a better display of reading material.

Rotary President Paul Klipsch read a message from the John Cain Chapter, DAR, concerning Constitution Week, and he welcomed a new member of the club Dr. Lloyd Guerin, and one visitor, C. O. Temple.

State Prison Denies Cons' Accusations

By THE ASSOCIATED PRESS
Charges made by 44 convicts at Cummins Prison Farm in two recently publicized letters have been vigorously denied by state Prison Supt. O. E. Bishop.

In letters to a Pine Bluff attorney and the Arkansas Gazette, the 44 inmates said, among other things, that they were victims of brutality, fed food "fit for hogs," overworked and overcrowded.

"We deny all that stuff,"

HOPE (ARK) STAR, Printed by Offset

Bishop said in an interview Sunday.

He said everyone on the prison farm—prisoners, trustys and Bishop himself—eats the same food, because all food comes from within the confines of the farm.

"I have a menu if anyone would care to come down and check it," Bishop said.

As for overcrowding, Bishop admitted that it existed, but said he had already brought up the matter with Gov. Orval Faubus.

The barracks are designed to hold 150-175 men, Bishop said, but the average is about 175-200 men per barracks. The prisoners had said 200-230 men

were in each barracks.

The letter to the Gazette reportedly had been smuggled out of the prison. The second letter, to George Howard, past president of the state National Association for the Advancement of Colored People, like the first, bore a Pine Bluff postmark.

Bishop said it was a violation of prison rules to smuggle letters out and that the prison would probably start checking visitors a little closer. But he said he planned no retribution against the 44 convicts.

"After all, they want their side of the story to be heard," Bishop said.

Bishop said prisoners could mail practically anything they

wish out of the prison.

"Why, we even notarize their writs they send to the courts asking for their release," Bishop said.

Asked if any type of repression ever occurred after a prisoner had filed a writ asking for his release, Bishop said it had not.

Bishop also denied the prisoners' charge about being worked six days a week, 12 hours a day.

"We've never worked them that hard," he said. "They don't usually go out until six or seven in the morning and are in before dark."

He said after the harvest is over, prisoners usually come in

Monday, September 19, 1966

much earlier than that.

The letter to the Gazette denied that a recent strike had been called because of the use of the strap for punishment.

"We never believed it had," Bishop said.

The strike by about 200 convicts was broken up after three days by State Police using tear gas and firing shots over their heads.

"They probably got the idea to strike from outside," Bishop said, and indicated that maybe television news accounts had put the idea in the prisoners' heads.

"As far as I know," Bishop said, "everything is squared away here and at Tucker."

Changes Noted
in Our Nation's
Crowded Airways

Our editor is waiting around today for two suitcases and a big camera shipped by express from Sarasota, Fla., he having flown back from vacation. And thereby hangs a tale of changing times which short-changed him \$14. On the trip down to Florida with Tom Purvis of Hope my aging station wagon developed transmission trouble and we were stranded at Jackson, Miss. I got a rental car, managed for a trailer hitch, and continued with the boat and Tom to Suwannee River and finally Sarasota.

After a few days Tom flew home, and pretty soon things got pretty dead for a boatman without a crew. When my time came to go home I telephoned the transmission experts at Jackson, found my car was ready to go — and decided to cut luggage to the bone and fly back to Jackson. That's where I got short-changed \$14 worth.

Some years ago on Delta out of Shreveport for Tampa I was charged \$25 or \$30 for an over-weight camera case, therefore I checked my two suitcases and the heavy camera case by express, returned in the rented car and trailer-hitch at Sarasota, and went up to the Eastern Airlines ticket counter at the airport. Where's your luggage? the agent asked — I was carrying only a couple of flight-bags with shoulder straps. I told him about the earlier experience with an over-charge at Shreveport.

The clerked disapprovingly. They've changed the rules since then," he told me. "Now you are allowed three pieces of luggage, each of which may weigh up to 10 pounds." I was shocked — \$14 worth — to discover editors don't know everything. My route was non-stop to Atlanta on Eastern, then on Delta to Jackson with a stop at Birmingham. The Eastern ship was a Boeing 727 jet, my first flight on pure jet, and we made it from Sarasota to Atlanta in 1 hour 8 minutes. The jet was smooth, but didn't grasp the full comparison until, after supper at Atlanta airport, I climbed aboard Delta's DC-7. Once the queen of propeller-driven ships, it was as noisy and shaky as a truck — just as dependable.

I left Sarasota at 4:10 p.m. Eastern Time, arrived at Jackson at 8, Central time, spent the night at the Heidelberg Hotel, got my car the next morning and drove into Hope at 4:20 p.m. — 24 hours out of Sarasota with 85 miles by road from Jackson. The airlines turn in such performances hundreds of times every day — and this explains why our railroad passenger depots are deserted while every working airport terminal is jammed — Sarasota, Atlanta, Jackson.

But it pays to keep up with current rules and regulations. I could have taken that \$14 worth of expressed luggage for nothing...

New Appeal Filed for Sheppard
LITTLE ROCK (AP)—Charging numerous items of improper and unconstitutional handling, an attorney for John Henry Sheppard, 20, asked U.S. District Court here Saturday to free Sheppard.

George Howard Jr., of Pine Bluff, the attorney, filed the writ of habeas corpus for Sheppard, who is under death sentence in the 1964 drowning of Mrs. Annie Jocum Willett, 69, of El Dorado.

Among the items cited by Sheppard were:

— That Sheppard's confession was coerced because of his young age and low mentality.

— That Sheppard was not properly advised of his rights and was mentally unable of understanding the rights he was informed of.

— That a pair of boots used against Sheppard were seized without his permission and without a warrant while he was in jail.

Russian in U.S. on Viet Nam Talks

By WILLIAM N. OATIS
UNITED NATIONS, N.Y.
(AP) — Secretary of State Dean Rusk arrives in New York today for talks with Soviet Foreign Minister Andrei A. Gromyko and others on the Viet Nam war, but prospects for progress toward the peace table appear slight.

Gromyko arrived Sunday for talks with a hard line against "forces of aggression" — which in Soviet parlance means the Americans in Viet Nam.

U.N. Secretary-General U Thant in the introduction to his annual report said chances of fruitful international cooperation had been seriously impaired by "the deepening crisis over Viet Nam" and "an increasing intransigence and distrust among governments and peoples."

Adam Powell to Lose Chairmanship, Says Committee Member

By JACK R. MILLER
WASHINGTON (AP) — Rep. Sam M. Gibbons says nothing Negro leaders can do will keep Rep. Adam Clayton Powell from losing his chairmanship powers of the House Education and Labor Committee.

Asked about plans for a rally in New York City Tuesday in Powell's behalf, Gibbons, a Florida Democrat, said, "I don't think it would have any effect on the outcome of the vote."

About offers by some Negro leaders to picket the homes of committee members known to be against Powell, a New York Democrat from Harlem, Gibbons said in an interview: "Anything like that involving members of Congress is fraught with danger. You don't threaten people who are in the highest law-making body in the land and perhaps the most important in the world. Congressmen are not intimidated. Each man votes according to his conscience."

Gibbons is the leader of a group of committee members who say they have the votes (at least 16 on the 31-member committee) to transfer Powell's powers as chairman to six subcommittee chairmen. The move is to be made Thursday.

Powell, a Negro, preached Sunday at Harlem's Abyssinian Baptist Church where he is pastor and announced plans for Tuesday's rally at the A. Philip Randolph Institute, Randolph, head of the AFL-CIO Sleeping Car Porters Union, is to be rally chairman.

Powell's sermon was on Daniel in the lion's den. It contained no political remarks.

But at the end of the 30-minute service before about 2,

Mr. and Mrs. Dean Murphy are shown with three large Hope watermelons (all weighing over 100 pounds and grown by Aubrey Goodwin) before they left for Kansas City and the Mo-Ark Kiwanis International Convention which started Sunday and goes through Tuesday.

Mr. Murphy is Lt. Governor of Kiwanis Division 21 and will represent the local Club. One of the melons will be presented to Kiwanis Governor Dale Bracy and the others given to the delegates. Others attending the convention are Dr. and Mrs. Lynn Harris who flew to Kansas City Sunday.

Runaway Girls Held for Parents

Acting on a tip Sunday morning at 11 a.m., local police picked up two teenage Malvern girls who were running away from home, at the Hope Bus terminal. The girls had already bought tickets for Pine Bluff.

Hope police called Malvern police who in turn called the parents of the girls. The girls were in custody until the parents came to take them home. Officers Neal and Rowe were the investigating police.

No Clue in Murder of Percy Girl

KENILWORTH, Ill. (AP) — Police said they were without a suspect, motive or hard clue today as they continued their investigation of the mysterious murder of Valerie Percy, daughter of Republican leader Charles H. Percy.

Valerie, 21, blonde and pretty, was beaten and stabbed to death in her bed early Sunday morning while the Percys and two of their children, including the victim's twin sister, slept in nearby bedrooms. Two other children were away at the time.

Percy, 47, is the Republican candidate in the November election against U.S. Sen. Paul Douglas and has been active in both state and national politics. A day-long search of the 17-room house and grounds on the fashionable North Shore turned up potential clues but nothing of immediate significance, police said. Questioning of family members, servants, and friends was of little help.

"We have no leads at all," said Kenilworth Police Chief Robert M. Daley. "There are no clues that would help us in any way."

But Chicago police crime laboratory technicians are studying fingerprints, bed clothing, floor sweepings and other physical evidence collected from the Percy home.

Inside, police were busy piecing together this story: The intruder approached the Percy home, situated on the shore of Lake Michigan, apparently shortly before 5 a.m. Footprints in the sand indicate he may have come by way of the beach.

Using a sharp instrument he cut an opening in the locked screen door, opened it, then cut a slice out of a glass panel of the inside door, unlocked it and entered the house.

There was no noise, The Percy family slept and a Labrador retriever in an attached garage did not bark.

The intruder crept up a staircase. At the top landing were three doors. He chose Valerie's — whether accidentally or by

Big Meteor Falls on Indiana

By JAMES PHILLIPS
MARION, Ind. (AP) — The giant meteor that exploded over the Midwest apparently vaporized before it struck a farm field near here.

Experts hunted through a soybean field all day Sunday without finding any trace of the meteorite particles and concluded they probably never would.

Thousands of persons saw the flash of the meteor Saturday night as it disintegrated in a brilliant rain of fragments on Indiana, Michigan and southern Ontario, Canada.

Dr. Newton G. Sprague, associate professor of physics at Ball State University, searched the soybean field where an eyewitness said a "fire ball as big as a barn" fell Saturday night.

"Fragments of meteorite very likely fell around Marion," Dr. Sprague said, "but what most persons saw was a burning cloud of ionized gasses, not a meteorite."

He added that "the meteor could have broken up into such small particles it would be like the dust on your shirt."

The day-long search centered on a 20-acre soybean field where Wayne Glassburn, 40, a farmer, said the meteor "lit up the sky with a ball of fire as large as a barn. It trailed to the ground with jagged edges and looked like a dragon spitting fire."

The light lasted about five seconds, he said.

There were no fires after the red glow disappeared. He reported hearing no sound.

"Meteors are normally accompanied by an explosion or whizzing noise," Dr. Sprague explained. "If Mr. Glassburn heard no sound, it is possible it was further away than he thought."

But Glassburn said, "I know something's out in the soybean field. After everything quiets down, I may get my bearings and have a look for myself. The meteorite could be hidden by weeds."

Tight Rein on Violence in Grenada

By JOHN M. PEARCE
GRENADA, Miss. (AP) — Racially integrated public education today begins its second week in Grenada. City officials — facing a federal court order — have pledged to maintain law and order.

White mobs ran freely on school registration day one week earlier, beating and stoning Negro children and white newsmen until the Mississippi highway patrol stepped in.

"We are taking all possible steps to prevent the slightest of incidents," said Mayor J. D. Quinn.

"If a violation of the law occurs, there will be immediate arrests and prosecution to the fullest extent of the law," U.S. Dist. Judge Claude Clayton issued a permanent injunction Friday ordering city and county officials to protect the school children from "savage and senseless" attacks.

Failure to comply would expose the officials to contempt of court.

And Saturday, FBI agents swept through Grenada, arresting 13 white men — one a justice of the peace — on federal charges of conspiring in the attacks on Negro children.

The men were taken before a U.S. commissioner in Oxford, 65 miles north of here, and released in \$1,000 bond each. Maximum punishment under the charges would be 10 years in prison and a \$5,000 fine.

Mayor Quinn spoke Sunday night after the latest in a series of city council meetings, attended by most of the city's police force.

Plans, Quinn said, were to hire four new policemen and buy riot-control equipment, two more cruisers and more radio equipment. Riot-control classes were being organized, he said.

Policemen were told to administer the laws without exception, and promised officials would back them up with prosecution of persons arrested.

Those Who Doubted Success of United Nations Were Right

By JAMES MARLOW

WASHINGTON (AP) — When the United Nations was born in San Francisco in 1945, just as World War II was ending, many people there and around the earth felt a brilliant sense of happiness.

Perhaps a new world was emerging from the labor pains of war and the endless mistakes and ferocities of mankind. That was the hope.

But the realists didn't share it. They thought that at best the United Nations might be only a step in the direction of a better world but, if so, only a faltering step. They were right.

When the U.N. General Assembly begins its 21st year Tuesday it will be a troubled organization of 117 member nations while the biggest in population, Red China, is excluded. And that will be one of the troubles.

It has been for years. Now again the United States, which has year by year kept Red China out, apparently will try to do it again. Yet, at times, the Johnson administration has been using language both clear

6 Americans Killed by Our Bombs

By ROBERT TUCKMAN
SAIGON, South Viet Nam (AP) — U.S. military headquarters reported today that an accidental bombing of U.S. Marines by a Marine plane and two accidental shelling of American infantrymen by their own artillery killed six U.S. servicemen and wounded 23 others.

The artillery shells landed on units of the 196th Light Infantry Brigade in Tay Ninh Province near the Cambodian border.

One shelling at 1:30 a.m. today killed two infantrymen and wounded 16, an official spokesman said. Several hours later, two more rounds of 105mm artillery killed one infantryman and wounded three, the spokesman added.

Both artillery incidents took place a few miles from Tay Ninh City, 40 miles northwest of Saigon.

and foggy on its position toward the Peking government.

Excluding Red China won't be the only problem for the assembly, although this as much as anything shows the troubled condition of the world 21 years after San Francisco and how far short the early dreams fall.

The United Nations will have to get itself a secretary-general, either by finding a new man for the job or persuading U Thant, the Burmese, to stay on. Now finishing his five-year term, he said Sept. 1 he wants no more of it.

In explaining why, he used 1,000 rather nice words to say he is fed up, which is as good a commentary as any on the condition of the United Nations, one of whose main goals is supposed to be keeping the peace.

He called the war in Viet Nam a "reproach to the conscience of mankind." That war will be another U. N. problem.

And, as to keeping the peace, he said: This responsibility of the United Nations has "remained unfulfilled because of the continuing failure to agree on basic principles. The world situation appears to me to be extremely serious."

Teachers Outrank Free Books

LITTLE ROCK (AP)—Democratic gubernatorial nominee Jim Johnson has received another setback in his efforts to provide free textbooks for all high school students.

Members of the Arkansas Legislative Council said Saturday they would rather see a \$2.7 million surplus in public school funds used to increase teachers' salaries.

Johnson said last week he wanted to use the money for the free textbooks. He said that if Gov. Orval Faubus calls a special session of the legislature, Faubus probably will use the funds for pay raises.

Faubus has not said whether he will call the session, but he has said he favors using the money for the increases.

In August, the council adopted a resolution calling for free textbooks if the money is available. Students in the first eight

Civil Rights Bill Dies on Cloture Vote

BULLETIN
WASHINGTON (AP) — The Senate rejected today a final effort to revive the 1966 civil rights bill with its controversial open housing provision.

For the second time, the Senate refused to invoke its debate-limiting cloture rule — which requires a two-thirds vote of those participating.

Senate Democratic Leader Mike Mansfield had said in advance that another rebuff would put the bill on the Senate shelf. Left there, the House-passed bill will die when Congress adjourns.

Before the vote a Southern leader had called the attempt to shut off debate a "farce."

"This motion to gag an unborn, nonfillbuster is nonconscionable," declared Sen. Sam J. Ervin Jr., D-N.C.

Ervin argued it was degrading the Senate and its rules "for the sake of politics."

Ervin said the opponents haven't had time to launch a true filibuster against the measure and "indeed there has been almost nothing said by any of the proponents in defense of any of the provisions of the bill."

Ervin said the only defense has come from the bill's floor manager, Sen. Philip A. Hart, D-Mich., "who has diligently sat throughout the debate while other proponents have been painfully conspicuous by their absence from the Senate chamber."

WASHINGTON (AP) — Both backers and opponents of the civil rights bill predict sudden death in the Senate today for the measure with its politically hot provisions on open housing. The showdown comes on a second attempt to invoke cloture — or limit debate — in the linguis filibuster which has kept the bill from officially coming before the Senate.

If the cloture effort fails, as expected, Senate Democratic Leader Mike Mansfield says he promptly will shelve the House-passed measure.

A move to invoke cloture last week failed on a vote of 54 to 42. Approval by at least two-thirds of those voting is required for a cloture vote to carry.

Mansfield told a newsman today, "We've got two or three more votes." He wouldn't say whose.

Senate Republican Leader Everett M. Dirksen and Sen. Philip A. Hart, D-Mich., said they expect a new civil rights proposal by President Johnson next year. Dirksen's opposition to the 1966 measure is a key factor in its expected rejection, Hart has tried to guide the measure to Senate approval.

The civil rights bill would ban discrimination in about 40 percent of the nation's housing units, mostly apartments and new single-home developments. Individual homeowners would not be covered. The bill also has provisions aimed at eliminating discrimination in the selection of juries, and protecting the rights of Negroes and civil rights workers.

After the cloture vote, Dirksen plans to bring up his proposed constitutional amendment to permit voluntary prayers in the nation's public schools.

Although Dirksen predicted the constitutional amendment will get a necessary two-thirds majority, there is scant chance that the House will act on it before Congress adjourns, which leaders hope will be about Oct. 15.

Dirksen, who claims the civil rights bill's open housing provision is unconstitutional, forecast defeat for the cloture motion. The Illinois Republican said the result is likely to be similar to the vote last Wednesday.

Wildlife Chasing Cannon Is Noisy

MILLINGTON, N.J. (AP) — Farmer Philip Barry's wildlife-chasing cannon is making noise again.

A Millington judge, after issuing a silencing order, has reversed himself and ruled that the funny-looking scarecrow can be fired during the daylight hours, for the time being at least.
